LCBO

Sale of Data (SOD) Ad Hoc Data Requests

The LCBO SOD team may be able to provide one-time ad hoc requests for data outside of our current package offerings. The requests are managed on a case-by-case basis, with the SOD team first determining if the requestors application can be accommodated. If confirmation of data requirements has been confirmed to proceed, then report pricing and delivery timelines are determined. Please fill out the LCBO - Ad Hoc Data Request application to commence your request

Should you have questions pertaining specifically to ad hoc data requests, please follow up with saleofdata@lcbo.com
